

40 QUESTIONS TO ASK WHEN

choosing a

“BUYING GUIDE” COMPOSTING TOILET

Use this **buying guide** to help when choosing your composting toilet system. These are 40 basic questions to ask and consider when choosing. We have filled out our answers & of course we will go over them in detail with you. If you are comparing us to other systems try to fill theirs in or ask them to.

USE & AESTHETICS

1. Does bowl/trap open and close manually or automatically?
2. How does a male use the system while standing?
3. Does the bowl fully open for waste to enter?
4. Is there a step-up?
5. Did you try the step-up?
6. Is there a choice of colour?

ELECTRICAL

7. How many fans does the system have?
8. Did they perform a “paper mat air test?” If not, ask them to.
9. What is the fan speed (CFM) on AC systems?
10. What is the fan speed (CFM) on DC systems?
11. Is there a switch to control fans & heater?
12. Is there an Energy Mode (to conserve power)?
13. How do you access electrical parts?
14. Did they show you? If not, ask them to. Is it easy?
15. Is the heater located at the bottom of the system?
16. Did they show you the heater? If not, ask them to.

QUALITY & WARRANTY

17. Did you examine the system to test durability? Try sitting on it.
18. Does it feel solid, flimsy or spongy?
19. Did you ask about the warranty?
20. What is the warranty on the inside components?
21. What is the warranty on the outer body/shell?
22. Are any moving or turning parts not covered in the warranty?
If not, be sure to ask what parts.
